Re: CALADVOCATES-TB-SCG-2020-04
Data Requests (Not in a Proceeding)

Dear Traci,

I am writing to provide you an update regarding our timetable for responses to Cal Advocates' most recent Data Request, CALADVOCATES-TB-SCG-2020-04, served on June 30, 2020. You had requested in your transmittal email that the responses were due within 10 calendar days, on July 10.

First, we would note that the instructions to the Data Requests themselves make clear that in the ordinary course, SoCalGas has 10 *business days* to respond to the Data Requests. Second, as you know, the Data Requests were served the week of a three-day holiday weekend. Third, previously scheduled vacations have impeded our progress.

Nevertheless, we are providing the following responses to you today Friday, July 10: Questions 2, 3, 7, 8, 9, 10, 11, 16, 17, 18, 19, 20, 21, 23 and 25.

We will continue to provide our answers as we complete them and will provide a comprehensive schedule for the remaining responses next week.

Very truly yours,

Jason H. Wilson
